## Terms and Conditions

### Important

“We”, “Us” or “Our” means RAC Motoring Services.

“Dealer” means the person you are considering buying the vehicle from.

“You” means the potential purchaser of the vehicle which is the subject of this Report.

“Report” means the document including the Vehicle Check List which defines what we check for on the items inspected.

We suggest that you read this Report and the Checklist Definitions Form thoroughly before deciding to buy the vehicle. If you do not understand or are in any doubt as to any element of the report or any item in the checklist please refer to your Dealer.

### What the Vehicle Inspection Covers

The report summarises the outcome of the Vehicle Inspection we carried out on the vehicle on the date set out overleaf where we checked the items listed in the Checklist Definitions Form.

We carry out a visual inspection of the vehicle and do not dismantle or remove any parts. The inspection will not identify defects not present or apparent on the date of the examination. Please note the date of the examination. This report is a statement of the condition of the Vehicle on that date using the RAC Checklist Definitions Form as the reference point and commensurate with the age and mileage and vehicle. We cannot be responsible for any change in the condition of the vehicle after the date of the examination.

We cannot verify and do not warrant the accuracy of the mileage reading. Where we have no access to a hoist or pit, we use a trolley jack to inspect the underbody. If our engineer could not inspect the underbody, the report will explain why.

This report does not comment on cosmetic body condition and / or repairs carried out to a satisfactory standard.

### Non-EC Vehicles

If the vehicle has been imported and originates from a non-EC country it may not conform to EC Type Approval and other regulations. You should seek assurance from the Dealer as to the status of the vehicle in this respect.

### Disclaimer

We have prepared this report for the Dealer under the terms of a contract between Us and the Dealer. You have no rights under the contract and nothing in this Report gives rise to contractual relations between Us and You.

Although we recognise that You may use this Report as a guide to the condition of the vehicle, this report is not intended to and does not constitute a representation by Us that the vehicle is roadworthy, fit for purpose or of satisfactory quality and you must satisfy yourself in this regard. You acknowledge in buying the vehicle that you do not do so in reliance upon the contents of the report.

Note. The above sections have been checked in conjunction with the 'RAC Checklist' (available from dealer). This is an exception report, therefore only defects found at the time of the inspection have been noted. Unless otherwise indicated, these areas should be considered satisfactory for age and mileage. Please see overleaf for purchasers guidelines in relationship to this report.
